How do you like the "New Way"? Bread, fresh every day, at Amblers. You can get it at Hopkins' store. Hopkins is agent for the Douglas Shoes. None better. You can get a handsome negligee shirt with two loose collars of Hopkins for 50c. The Board of County Commissioners last week appointed Dr. F. J. Bovard of Tionesta, physician at the new county home. I X L ice cream is made from cream that tests 21 per cent. which is 3 per cent. above dairy requirements. It is sold in Tionesta only at the Davis Pharmacy. Nothing pays like an education. The Clarion State Normal School has been the means of starting many young men and women on the road to success. "Rattlesnake Pete" Gruber intends visiting this section of the country with his \$10,000 snake show. He opened up the season at Rochester his present home. The educational possibilities of summer camps for boys are brought out in an illustrated article contributed to the June Review of Reviews by Louis Ronillon. Edward, the young son of Mrs. Verma Baker, fell from a platform at West Hickory, while at play last Wednesday, and broke the bone of his left forearm. A woods fire Tuesday burned about three hundred thousand feet of logs for L. S. Clough & Co. The logs were on skids along the railroad ready for hauling to the mill. Tionesta and the Oil City high school nine have a ball game booked for this afternoon at the new grounds. The game will be called as soon after the arrival of the four o'clock train as possible. The ladies of the P. H. M. S. will give a strawberry and ice cream festival in the Killmer building next Wednesday evening, June 6th. The public is cordially invited to call and partake of these delicacies. Wm. Bingman, working at the Mitchell boat yard at Nebraska, had the misfortune to split his right knee cap with an axe yesterday morning. The wound is a serious one and may leave the young man a cripple. For the first time in forty years licenses have been granted in Potter county. Judge Olmstead, last Thursday, granted seven licenses, in the entire county of Potter—just the number we have in Emporium alone. Wanted—General agent in every town, either male or female, to handle a line of high grade Toas, Coffees, etc., on liberal commission. New plan. Big money. Handsome presents. Address, "TRAS," P. O. Box, 246, Buffalo, N. Y. The Presiding Elder, Rev. Dr. Pradenburg, will preach and hold quarterly conference Saturday evening at 7:30 in the M. E. church. He will also preach and administer the Sacrament of the Lord's Supper at eleven o'clock Sabbath morning. A cordial invitation to all. G. W. Warden of Enbeaver, one of this county's Bicycle Path Commissioners, has posted notices asking for bids for the making of a path from the bridge at Prather run to the east end of the river bridge in Hickory township, a distance of about three quarters of a mile. This is the first step in the direction of building bicycle paths in Forest county.

Wm. H. Cropp, of Cropp Hill, has been granted letters patent on a drilling rig of his own invention which is said by experienced operators to be a decided improvement on anything yet put upon the market. It requires no derrick and is easily transported from one location to another. Burgess F. Barnhart, of Warren, vetoed the curfew ordinance recently passed by the council of that place. He gave as his reason the opinion that parents are the only guardians of the morals of their children and states that many towns where the law has been tried found it unsatisfactory. The new schedule which took effect Sunday on the W. N. Y. & P. R'y. makes a change in the leaving time of but two trains at this station. The afternoon train north leaves here at 4:05, instead of 4:19 as heretofore; the train south in the evening leaves at 7:53 instead of 7:45 as formerly. The season for catching black bass opens to-day, but if you should happen to pull out a salmon or pike you'll have to hold him over till day after tomorrow, for that species don't have their inning, (or outing to be strictly proper) till June 1st. The difference is between twedde-tee and tweddie-dum. Wednesday last week at Chicago, the M. E. General conference, by a vote of 433 to 238, abolished the time limits of pastors. Hereafter preachers will be appointed annually by bishops with no limits as to the number of years they shall serve except the ability and popularity with their congregations. The G. A. R. Memorial services at the M. E. church last Sabbath morning were very largely attended. Rev. C. C. Rumberger delivered the sermon, which was considered one of the best on that line ever listened to in this place. The church was prettily decorated with flags and bunting, the work of Dr. Rumberger himself. WANTED—A HOME—An old soldier, perfectly competent to teach English branches, penmanship and book-keeping, wishes a home. He has but one hand, the right, and will be willing to render such service for board and lodging. Will clothe himself. Best testimonials as to morals, honesty, sobriety, etc. Address, CHAS. F. RITCHIE, Erie, Pa. The Allegheny Valley and the W. N. Y. & P. roads, both of which are now practically under one management, are arranging for an excellent passenger service between Pittsburgh, Chautauque and Buffalo. Each is about to receive and put on two trains of new cars, especially built at Altoona and Wilmington. They will be solid vestibule cars, with Pullman cars at night and parlor cars during the day. Daniel J. Keho, alias Joe Kennedy, alias Frank Major, is hanged at Meadville for the crime for which he has been convicted, the execution will take place in the jail, where a scaffold was erected more than half a century ago. It has never as yet been used as the only two legal executions that have taken place in Crawford county occurred in the early days—Abram Van Holland, in 1818, and David Lamphries, in 1820. Alcohol is not a food for an athlete, and if not for an athlete then not for anyone. It hardens the tissues of the body and that is not desirable; besides it hardens the liver at the same time. When the question arises between a man and alcohol the safe side—for the alcohol—is on the outside. Mechanically, it may have its place, but its use is not to be commended either as a beverage or a food.—June Ladies' Home Journal. It isn't such an awful process, this thing of being "sat down upon." A woman who was a passenger on a street car line in Brooklyn, N. Y., has been awarded \$2,300 damages for injuries received by being sat upon by a "very fat man." The fat man had been standing and lost his balance as the result of a sudden application of the brakes. The moral to the lady reader is obvious: Buy a bunch of street car tickets, select your fat man, and begin business.—Franklin Spectator. The independent oil companies of the United States, the only real competition of the Standard, have combined their interest and re-organized under the title of "The Pure Oil Company" with a capital of \$10,000,000. The organization was perfected in New Jersey, and ex-Senator J. W. Lee of Pittsburg, is the President of the big concern. Included in the organization are the Producers & Refiners Oil Company; the United States Pipe Line; Continental Refining Company; Columbia Oil Company; Germania Refining Company; Emery Oil Company; Independent Refining Company; E. H. Jennings & Co., and the American Oil Works. Cash Wins every time at T. C. S. It

The eclipse of the sun, which had been scheduled for Monday morning of this week, came on according to promise, the first glimpse of the moon, as it began to nip off a trifle of the sun's disc, being visible a short time after seven o'clock. By ten o'clock the last particle of "cloud" had passed off. At its best about nine-tenths of the sun was obscured, and the show was all right. As it will be 18 years before another such event will take place on this continent the smoked glass fragments might as well be laid away for the present. The result of the case of Franklin bridge company vs. the County of Venango, which occupied the attention of the Forest county court the greater portion of last week, was a signal victory for the Commissioners of Venango county. The case was given to the jury Friday evening, the address to the jury being made by Judge Hydrick for the company, and J. S. Cornichall for the county. Saturday morning the jury brought in a verdict for the company awarding it \$16,870. The former award was \$32,000, almost double the amount. The viewers' award when the bridge was first taken as a county bridge was \$15,000. A Meadville special says: No person connected with the trial and conviction of Frank Major for the murder of Chief of Police McGrath of Titusville, November 11, shows less emotion than the convicted prisoner himself. He spent the night quietly in his cell and Wednesday received the jury that had declared him guilty of murder in the first degree. He shook hands with each of the twelve men and declares that he felt no resentment towards them or to any one connected with the case. His actions indicate a complete indifference rather than any attempt at bravado and so far as outward appearances went he received the call as a social matter, bidding the men a pleasant good bye when their interview with him was over and then coolly lighting a cigarette, he enjoyed the smoke with as much abandon as though the future was no concern of his. Messrs. C. H. Seanor of Indiana county, Warren McCrory of Butler county, E. W. Smiley of Venango county, John F. Brown of Clarion county, and E. F. Whittekin of Forest county, have been appointed viewers by the Dauphin county court, to view and report upon the bridge crossing the Clarion river near Clarion, at the crossing of the Susquehanna and Waterford turnpike. The old structure was destroyed by the storm of May 8th of the present year, and according to an act of Assembly passed in 1895, the State may be asked to rebuild any such bridges so destroyed and the commissioners of Clarion county are availing themselves of the benefit of this law to secure the State aid so provided for. The meeting of the viewers was set for Tuesday of this week and their report must be filed in Harrisburg on or before June 15. The new county home is about ready for occupancy, the furniture having arrived and the work of cleaning and scrubbing being now well on of the way. To those who have not already done so a visit to the place would well repay. The building's exterior is quite handsome, but its beauty will not be fully apparent until the grading and terraces about the place have been completed and the lawns adorn their rich green mantles. The inside of the home is very handsome, being finished in natural woods, and the appointments are simply complete. A delightful view of the beautiful Allegheny for many miles is had from three sides of the structure—north, west and south, and especially is the picture a pretty one at this season of the year. The inmates of this cheerful home will have no cause for complaint at the comforts of such surroundings. Miss Nellie Brennan, who is employed at the Central House, was very severely injured Monday evening by being hit with a stone which was maliciously thrown by some small boys who were loitering in the rear of the hotel. The young lady had gone out to take in the laundry when she discovered three boys, the largest of which is scarcely a dozen years of age, smoking cigarettes, and being near the gasometer she admonished them to keep away from there with fire. Their only reply came in the shape of a large boulder which struck the young lady a terrific blow on the side of the head, rendering the services of a physician necessary to dress the wound, and for a time concussion of the brain was feared. The young lady was improving at last accounts. Last evening the three boys were arrested and taken before Squire Suttley, who gave them a severe reprimand and some wholesome advice. Since it was the first time such a serious offence had officially come to his notice he was disposed to be lenient and so fined them each \$1 and costs. The next offence would be dealt with very severely. For the sake of the families and the boys themselves we withhold names, but will not promise to do so in the future.

Frank Chambers, whose home was in Limestone township, Warren county, four miles above East Hickory, was killed by a stroke of lightning last Friday afternoon. He and his cousin had taken refuge in the barn from the storm. Both were knocked down, but the cousin regained consciousness in time to drag his friend, who was instantly killed, out of the barn which had taken fire from the bolt of lightning. All the live stock in the barn, excepting one calf, was rescued from the flames, but little other stuff was saved. Chambers was aged about 25 years, was single and about the only support of the family. He was a very steady and industrious young man.

Franklin Institute. The County Board of Farmers' Institute Managers, will meet at the County Commissioners' office on the second Tuesday of June, to arrange for the place where institutes are to be held this season. All of our people who desire institutes, ought to attend this meeting and present their claims. This board is composed of the local members of the State board of Agriculture, and one representative from each county agricultural society, the Pomona Grange and County Alliance. If you find that you cannot attend this meeting, address a letter with your request to Chairman of Board of Institute Managers, care of County Commissioners.

YOU AND YOUR FRIENDS. Mrs. J. B. Muse visited her parents in Franklin a part of last week. Misses Lucy Huling and May Clark were visitors to Oil City yesterday. Mrs. C. Amann and son, Paul, spent the past week with relatives in Warren. A daughter was born to Mr. and Mrs. Henry Blum of Tubbs Run, on the 21st inst. Miss Minnie Loudon of Oil City is a guest of Mrs. Henry Sibble on German Hill. Miss Mary Gerow of Warren visited her father here a day or two of the past week. Judge Kerrand Robert McBeth were over from Barnett township Friday on business. Mrs. A. Pease and daughter, Miss Blanche, were business visitors to Oil City last Friday. Geo. Shoemaker returned last Saturday from a two months' visit with relatives in Mercer. Mrs. J. G. Carson of West Hickory visited her father, Wm. Hood, a couple of days last week. Geo. C. Anderson of the Davis Pharmacy, spent Sunday with relatives and friends in Meadville. T. F. Ritchey, Esq., and W. G. Wyman were business visitors to Oil City yesterday afternoon. John A. Jones of Nebraska was in town on business Saturday and made the REPUBLICAN a pleasant call. Mrs. B. W. May and son Benjamin and little daughter, of Chicago, are guests of Mr. and Mrs. A. B. Kelly. James Rooker a well-known Pleasantville citizen died Friday night, of inflammation of the bowels, aged 63 years. Jim Shoemaker is brushing up the village of Gollina, having already completed the painting of several houses there. Ted Kelly was up from Pittsburg to visit his parents a day or two of the past week. He had as his guest Mr. Lewis Drexel of Bradlock, Pa. J. J. Fisher was up from Oil City Monday looking over his property here. Mr. Fisher thinks many of our sidewalks are not showing up to the best advantage possible, and he is mighty right. Jim Buxton, one of our tonorial artists, and who is 50 years of age, shaved twelve men in two hours last Wednesday and he thinks that is a pretty good record for a man who is past the springing age. Mr. and Mrs. G. D. Ackery, who visited friends here a portion of last summer, and have taken up their residence in Cincinnati, Ohio, have issued cards announcing the marriage of their daughter, Alice, to Ernest Wells Cruikshank, May 24th, 1900. The young folks will have their home at Bay Ridge, Long Island. At high noon Wednesday, May 16, says the Youngville Citizens, at her home near Sugar Grove, Miss Nettie Davis, who has resided in Youngville for the past three years, and Mr. Theodore Knopf, of McCrays, Forest county, were made one in the holy bonds of matrimony, Rev. J. C. Rhodes, of Kinzua, officiating. The ceremony took place under a beautiful arch of evergreens and flowers. The bride was tastefully dressed in a pearl colored suit and carried a bouquet of roses, the groom wore black. A fine wedding breakfast was served. Many costly gifts, silver, glass, china, linen, furniture, etc., were presented the happy couple. The bride has a large circle of friends in this place who wish long life and happiness to her and her estimable husband. About fifty relatives and friends attended the wedding.

FOREST COUNTY S. S. CONVENTION. Fall Account of the Interesting and Profitable Sessions Closed Last Evening in the Presbyterian Church. The annual convention of the Forest county Sabbath School Association met in the Presbyterian church Monday afternoon at 2 o'clock. In the absence of Dr. Towler, the county president, Rev. J. V. McAninch, district president, was selected to fill the vacancy. In the absence of the secretary, Miss Frankie Metzger of Marienville was appointed secretary pro tem. After devotional exercises, a paper prepared by Miss Mary E. Stewart of Redelfyffe, on Sabbath School Literature, was read by Miss Martha Morrow. Miss Anna Anderson read a paper on the Teaching of Reverence in our Sabbath Schools and the subject was afterwards discussed by Drs. Rumberger and Morrow and also by Mrs. Barnes. The spirit of irreverence as it now exists among the young and elder members of our Sabbath Schools, was deplored by the speakers. The idea was brought out that only those who are taught reverence for the Lord through His Word, His Church, His ministers and those in authority over them are fitted for good citizenship and only such can enter the kingdom of Heaven. The Bible in the Sabbath School, was the subject of a paper read by Mrs. J. B. Hagerty. Dr. Roads, Mr. George Warden and Mrs. Turner spoke on the subject. Mr. Warden reported that in his S. S. at Endeavor, 50 percent of all the pupils use their bibles in class instead of lesson helps. Rev. Chas. Roads, D. D., of Philadelphia, Secretary of the State S. S. Association, gave an address on the Home Department of S. S. Work. Dr. Roads is enthusiastic over the idea of a home department in every S. S. This department affords a systematic study of the Bible for those who cannot attend the S. S., and keeps them in touch with the S. S. Any person who promises to spend thirty minutes each week in the study of the S. S., and one person is sufficient to organize this department. Then followed an address by Mrs. J. Woodbridge Barnes, State Superintendent of Primary Work. Mrs. Barnes is not a stranger to a Tionesta audience, but is one who is received with pleasure by the people. Mrs. Barnes believes that a foundation knowledge of the Bible should be given each child before he is twelve years old and that the main work of the teacher should be to bring the children into closer touch with the Saviour. Before that age the child should be taught how to study, and as the child is capable of choosing evil before that age, so he is capable of choosing good, and with this end in view all efforts should be put forth to bring out the good and help him de-

side for Christ. Dr. Rumberger conducted the devotional exercises of the evening session, after which the President's Greeting, by Dr. S. S. Towler of Marienville was given. Dr. Towler spoke feelingly of his appreciation of the many expressions of sympathy and kindness shown him during his recent illness. The Cradle Roll, a new department in S. S. work, was explained by Miss Nancy C. Morrow. The Cradle Roll is a record of all children too young to attend S. S., from the infant a day old, who are enrolled as members of the school. The report attention with which the audience listened to the addresses by Mrs. Barnes and Dr. Roads, spoke more eloquently than words in their appreciation of the helpful truths presented by these able and consecrated instructors. The evening session closed with the benediction by Rev. Mr. McAninch. The Tuesday morning session opened with a delightful praise service conducted by Mr. Emery Withereil of Endeavor. This was followed by a paper on How to Secure Better Work from Our Classes, by Miss Emma Kilstiver, of Nebraska. Mr. N. P. Wheeler, of Endeavor, opened an interesting discussion on How to Secure Better Work from Our Teachers, which proved the connecting link with the paper on Teachers' Meetings, How Begin and How Sustain, by Miss Josephine Carson of West Hickory. On account of some of the Marienville delegates leaving in the afternoon Miss Frankie Metzger read her paper on Parents' Duty to the Sabbath School, and Mrs. Cecil Gross read Miss Anna Coon's paper on Child Study as an Aid to Sabbath School Teachers. The papers were all most excellent and of a high grade. They showed an earnest spirit on the part of the teachers, and served as a preface to "Steps forward in Teacher's training" that was discussed by Dr. Roads. The keynote has been sounded, and the time has come when a trained corps of workers in the Sabbath School is being demanded. Trained and skilled workmen are required in every other department and no less should the teachers in the S. S. be as efficient in their line of work, the result of which is to last throughout eternity, and for this purpose a special course of Normal Training for Bible teachers has been prepared. The devotional exercises on Tuesday afternoon were conducted by Rev. J. R. Rich, pastor of the M. E. church at West Hickory, who spoke of the importance of a deeper consecration on the part of Sabbath school workers. Miss Metzger being away, Miss Anna Anderson was appointed Secretary. Mr. A. B. Kelly, chairman of the finance committee gave his report. Mr. N. P. Wheeler, chairman of the committee on nominations, presented the following names as officers for the ensuing year and they were unanimously elected: President, Dr. Towler, Marienville; V.-Pres., Mrs. Vail, West Hickory; Rec. Sec., F. X. Kretler, Nebraska; Cor. Sec., Treas., Mrs. M. V. Patterson, Marienville; Executive Com., G. W. Warden, Endeavor; Miss Shields, Clarington; Dr. F. J. Bovard, Tionesta. Miss Barnes gave a helpful talk on Things that Hinder, mentioning among other things, a lack of unity among teachers and officers, a lack of reverence, and a lack of benevolence. Mrs. Deborah Clark of Stewart's Run, read a well prepared paper on How Hold the Young Men in the Sabbath Schools, and the subject was well discussed by Mr. J. D. Collins, Mr. A. B. Kelly, Rev. J. V. McAninch and Miss Frances Siggins. Dr. Roads taught the S. S. lesson for next Sabbath, which was interesting and instructive, and Rev. Rhel pronounced the benediction. Dr. Towler was obliged to return home on account of Mrs. Towler's illness but his place was ably filled during the evening session by Rev. Mr. McAninch, to whom too much credit can not be given for the success of the convention which has been agreed upon as being the most helpful of all the county conventions. Rev. C. A. Rhel conducted the devotional exercises of the evening. Excellent addresses by Mrs. Barnes and Dr. Roads completed the program and the convention closed with a determination to do better work during the coming year. Following is as complete a list of delegates and out-of-town visitors to the convention as we were able to obtain: Marienville—Miss Frankie Metzger, Mrs. Adah Paup, Miss Anna Coon, Miss Sara Revner, Mrs. Cecil Groce, W. W. Kribbs, Dr. Towler. Nebraska—Miss Emma Kilstiver, T. D. Collins, F. X. Kretler, C. A. Henry. West Hickory—Mrs. A. Turner, Miss Josephine Carson, Rev. Rich, Mrs. Vail, Miss Fannie Siggins, Miss Jennie Siggins, Miss Nellie Turner, Mrs. Gertrude Morrow. Endeavor—W. E. Withereil, Mrs. N. P. Wheeler, Mrs. G. W. Warden, Harper McKean, Miss Laura McKean, Miss Nettie Withereil, Mrs. S. M. Galmish, Mrs. Goy Hilliard, Mrs. Harper McKean, G. W. Warden. Stewart's Run—Mrs. S. Clark, Mrs. C. Metcalf, Rev. Graves. Mrs. Alice Emert, Miss Mattie Tucker. Clarington—Miss Jennie M. Shields, Mrs. E. E. Heasley, C. C. Cassett, R. W. Brennan. Gollina—Mrs. Geo. F. Watson, S. E. Sittlinger. Mt. Pleasant—Mrs. Cropp, Miss Cropp, Mrs. Anderson. German Hill—Rev. Rhel, Newmansville—Rev. Felt, Mrs. McKee. Whig Hill—Mrs. Ellen B. Catlin, Mrs. B. Berlin. Tionesta—Misses Anna Anderson, Lilly Bradbury, Nannie Morrow, Ida Paup, Chas. Clark and Mrs. Hagerty.

Oil Notes. The Young Oil Co., which drilled a well on the Hopkins island four miles above Tionesta, and after shooting it with a ten-quart shot and pumping for several days to exhaust the water, abandoned it, are preparing to give it a heavier shot in hope of yet making a paying producer out of it. Cropp & Siggins, on the Whitney & Wheeler tract, Tubbs Run district, found a small producer last week. I. N. Patterson has started the drill in another well below Tionesta on the West side of the Allegheny. The location is on the Booher place, about midway between Hunter and Baum stations. W. R. Reck & Co., have the drill going in the Beatty place, Hunter run. The venture is not far from some producing wells on the James Carson farm, and ought to result in extending that field. The Jamieson Run Oil Co. found the second sand in their well on the Suttley place dusty, and have gone down to the third, the top of which they had reached yesterday with some indications of a well as they tapped it.

Don't Buy of the Dealer who makes you look ready made. Clothing making is a moderately exact science now a days, but every ready to wear suit, no difference how well it fits, you lack a certain something, style or expression, which can only be given by an expert cutter. The services of an expert cutter is yours here and when your suit has passed his inspection no one can tell it was not made to order. The latest thing in clothes is the new striped flannel suits and golf trousers (not nickers) but trousers worn long turned up bottoms. Suits are \$8.50 to \$15.00 and trousers, \$3.00 & \$4.00. TWO CUTTERS are busy in our tailoring department turning out attractive clothes, but that's another story. THE McCUEN CO. 25 AND 29 SENECA ST. OIL CITY, PA.
